[Create New App](#)

i If your app is (or will be) listed in the Slack Marketplace, please review our [Slack Marketplace Agreement](#). These terms are in addition to the existing Developer Policy, API TOS, and Brand Guidelines.

By keeping your app in the Slack Marketplace or review process, you're confirming your agreement to the Slack Marketplace Agreement and to providing additional information for security review, if requested. If you don't agree with this Agreement, please send an email to feedback@slack.com, and we'll remove your app from the Slack Marketplace or the review process.

Don't worry - you'll be able to change this later.

Pick a workspace to develop your app in:

Keep in mind that you can't change this app's workspace later. If you leave the workspace, you won't be able to manage any apps you've built for it. The workspace will control the app even if you leave the workspace.

Advanced token security via token rotation

Recommended for developers building on or for security-minded organizations - opting into token rotation allows app tokens to automatically expire after they're issued within your app code. [View documentation.](#)

⚠ At least one redirect URL needs to be set below before this app can be opted into token rotation
